### **WORKSHOPS FOR PARENTS AND PERFORMANCES FOR CHILDREN**

In partnership with the Speak Good English Movement, Modern Montessori International (MMI) will be conducting workshops for parents and stage activities for children at the Speak Good English Carnival.

The two workshops for parents are:

1. Teach English the Rap Way

Parents will pick up tips on how to inspire and motivate their children to begin their English journey. Through the use of rap, parents will learn the 5 Ws and H of learning phonics as well as how to make a creative phonics book that can be used when teaching children basic phonics.

2. “My Child Speaks Just Like Me!”

In today’s international mindedness a good Standard of English can make the difference between success and failure. A child is the product of his/her environment. The child imitates the behaviour and language of adults in this environment. Adults become the role models for language. This talk touches on the Movement’s theme for the year – the importance of parents’ influence on children – and encourages parents to lead the way to communicating in good spoken English.

The two stage activities for children are:

1. RAP-A-LONG

A follow up to the workshop “Teach English the Rap Way”, parents are invited to bring their children to participate in this parent/child workshop. This is an interactive phonics rap and song fest that will show you how all the concepts learnt in the parent workshop fit together.

2. “Horton Hatches the Egg” by Dr. Suess

The teachers of Modern Montessori International will bring the story “Horton Hatches the Egg” by Dr. Suess to life through speech and drama. This session will demonstrate the interactive use of language for children and how parents can encourage reading by making stories come to life.

3. Wheel of Language

This unique game created by Modern Montessori International lets children spin the “Wheel of Language” and learn about riddles, idioms and predicates (broken sentences).

### **The Theatre Practice**

Born in Singapore 45 years of age, we are slightly older than our nation by more than a month. A vagabond of the world, we are empirically bilingual and cosmopolitan; and time has attested to our unwavering passion for the arts.

Over the years, on the oblique path that we have chosen, we have endured hardships, survived the odds and yet maintained a clean bill of health! We revel in the diversity of our works, from the traditional, contemporary, classics, original, realism to experimental- we have attempted them all. We are strident in our critique of life through our works, and tenacious in putting our beliefs into practice. We entertain without being servile or disrespectful and strive to constantly innovate. As an active advocator of arts education, we have nurtured generations of arts-supporters from all walks of life through our many courses and performances. It is humbling to know that what we have done so far has left an imprint on the lives of many.

Simply put, The Theatre Practice is a company firmly rooted in our home yet fixated on the world, relentless in our strive to seek common grounds in our pursuit of harmony.

This is who we are.
