GERBANG BAHASA 2016 – A COMMUNITY SHOW: KNOWLEDGE, CULTURE, FOSTER TIES

Presented by ACE The Place CC MAEC, the production *Gerbang Bahasa 2016* presents a community show, which will focus on how we can use our Malay dialect from the past to the present, and how we can convey it from the present to our future generation.

For instance, *pantun*, is an olden day method of sending messages and expressing one's feelings in a cadence tone. Once in a while, this form of communication can still be used in our day-to-day discussion in the present, and we need to make it pertinent to the future. This may be done by reciting the *pantun* in another beat.

The event hopes to target and entice students and residents in the neighbourhood to celebrate the Malay culture. As reflected in the title '*Gerbang Bahasa*', where *gerbang* means gate, we welcome people to enter an area where the opportunities exist to gain knowledge, and experience a modernised concept that also preserves the strong identity of Malay culture, tradition and language.

Two competitions '*Jom! Berpantun*' & '*Lukisan Bahasa*' will be the main highlights of the event.

ACE THE PLACE CC MAEC

Our mission is unequivocally to approach and connect with our community to be included in our Malay activities. In furthermore, we hold a firm thought process and duty to advance our Malay Language and Cultures into an alternate domain to our different society. With that it helps us to promote our ACE The Place MAEC to a more extensive scope of society within our cluster.

COMPOSITION WRITING WORKSHOP FOR PARENTS

We believe that with the help of parents, pupils will be more confident and receive stronger guidance in writing a good composition.

The composition writing package for pupils and teachers has already been presented and shared at national level at the Malay Language Seminar 2014. YUMIN PRIMARY SCHOOL

Celik Cilik Club was formed after realising the talent and potential within a group of Malay language students. Their talent was discovered during their involvement in Malay language activities organised in school. Such talent must be nurtured and hence, the *Celik Cilik* Club was formed in 2013. Primary one to six students were selected to be trained in vocal and acting skills. These students have participated in various storytelling competitions, having had their share at winning some of these competitions. Apart from building their confidence and improving their use of the Malay language, students are also exposed to the Malay heritage, literature and history. In a way, our students have become Malay language ambassadors in Yumin Primary School.

YUSOF ISHAK SECONDARY SCHOOL

Yusof Ishak Secondary School was established in 1965 as Jubilee Integrated Secondary School. On 29 July 1966, our then Prime Minister, Mr Lee Kuan Yew declared the school open. To date, we are the only school to be named after a President of Singapore.

Our vision is to nurture “Scholars, Sportsmen and Statesmen”, persons who would emulate the qualities of Mr Yusof Ishak. The school offers the niche, ‘YI Performing ARTS – Developing ALL Round Talents’ which develops students’ talents in the aesthetics through a 2-year programme in the Performing Arts. Through ‘ARTS’, students develop the desired school values - Respect, Responsibility, Resilience, Integrity, Compassion and Confidence.

The school’s Malay Unit of the Mother Tongue Languages Department, has actively involved our students in programmes and activities like quizzes, drama and participation in competitions. Through these, we hope to instil the love and appreciation of our Malay Language and Culture.
